Summary

2014 Computer Information Systems Graduate with independent work habits, an analytical mindset, and the versatility to resolve multifaceted issues despite the challenges of changing priorities, imminent deadlines, and differing team agendas. Characterized throughout employment and academic life as a self-starter; an individual committed to delivering solutions and possessing the ability to apply complex technologies that translate business needs into a practical reality. Previously cleared for Top Secret/Sensitive Classified Information (TS/SCI) security clearance.

Technical Skills

HTML	jQuery	WordPress	C#
CSS	AJAX	Nexus Themes	ASP.NET
Javascript	GIMP	Visual Studio	Blogger

Projects

- GREY MUSTANG, 2004: As sole operator and technician aboard a new special project afloat, maintained 100% system availability while developing standard operating and emergency procedures.
- Breath of the Dragon, 2003: Complete deployment of a personal web-store in 2 months, with no previous training. This web-store produced consistent sales within 3 months time.
- Safeway, 2013: Increased wine sales by 15% in one year of store-level inventory management.
- Creative Impressions, 2008: Helped establish a shop front for a local group of small handmade businesses. Aside from selling my woodburnings, I managed all online marketing, including creating a website and running the Facebook and MySpace pages.

Education

DeVry University, Federal Way, WA

Bachelor of Science in Computer Information Systems, 2014

- Concentration: Web Development and Administration
- GPA: 3.90/4.00; Summa Cum Laude
- Relevant Courses: Principals of eCommerce, Web Architecture, Web Interface Design, Web Application Development, Web Security

Professional Experience

Safeway, Inc., Wenatchee, WA

2008 - Present

Wine and Spirits Department Manager, 2012 - 2014

- Manage wine and spirits department at store level (previously handled strictly by vendors), including ordering, stocking, and inventorying all wine and spirits products.

GM/HBC and Candy Stocking, 2010 – 2012, Present

- Implemented organization that reduced excessive on-hand stock to an all-time low while still keeping sales floor out of stocks minimized.

Deli Food Service/China Express Cook/Grocery Night Crew, 2008 - 2010

- Trained 5 new cooks in 4 months.

United States Navy, NIOC Sugar Grove, WV and NSGA Yokosuka, Japan

2001 - 2006

Maintenance Technician, 2005 - 2006

- Perform preventative and corrective maintenance on a multi-million dollar COMSAT suite, communication and microcomputer systems, intrusion detection systems, and various ancillary devices

FES Maintenance Technician, 2003 - 2005

- Installed and removed various shipboard communications and data systems, working alongside SPAWAR technicians, often completing the project ahead of schedule.
